

Nordic Attachment Network (NAN)

Annual general meeting 2015

MINUTES

Time: Wednesday the 9th of September 2015, 15:30 – 16:30

Place: Department of Psychology, University of Gothenburg

Chair: Elia Psouni, Sweden

Attending:

1. Anders Broberg, Sweden
2. Heidi Jacobsen, Norway
3. Elin Alfredsson, Sweden

4. Ulf Axberg, Sweden
5. Lina Wirehag, Sweden
6. Tua Hassling, Sweden
7. Pehr Granqvist, Sweden
8. Emily Cacciola, Sweden
9. Sara Ingevaldson, Sweden
10. Simone Setterberg, Sweden

Elia opens the meeting.

1. Secretary for the meeting chosen; Heidi Jacobsen
2. Election of new members into the steering committee:

Two colleagues from the steering committee are stepping down: Anders Broberg (Sweden), Barbara Hoff Esbjørn (Denmark). Two new nominees emerge from the assembly: Pehr Granqvist (Sweden) and Tua Hassling (Sweden).

Two additional persons are nominated as substitutes, Tine Stenhoff (Denmark) and Simone Setterberg (Sweden)

All four new steering committee members are unanimously elected.

3. Election of auditor and deputy auditor:

???

4. Concerning the annual fee for NAN:

We agree to maintain the fee of 200 per year for members.

5. Planning of next annual meeting:

We are preliminarily aiming to organize the next annual meeting in the period August-September 2016. The steering committee is to decide the date and location of the meeting.

6. Concerning applications for financing of the network:

NAN members who attended the meeting in Gothenburg have together revised the existing text for an application for financing the NAN's networking activity. A new application will therefore be submitted as soon as a possibility is announced.

7. Coordinated research activity:

NAN members who attended the meeting in Gothenburg have during the day discussed extensively exploring the possibilities for one, or more, meta-analytic or summarizing studies concerning distributions and sub-scores in the Nordic countries, from well-established attachment measures. As a first step, it is now decided to look into the nature and quantity of data that exist for each of the following measures:

Strange Situation (resp. Heidi J)

SAT (resp. Pehr G.)

MCAST (resp. Ulf A.)

FFI (resp. Elia P.)

KSS (resp. Simone S.)

ECR-R (resp. Elin A.)

ASQ (resp. Emily C.)

AAI (resp. Elia P.)

Elia closes the meeting
